Fabric choice

The entire ShadeTech® fabric range is suitable for use with ShadeTech® RBL-C+ roller blinds.

Alternatively, they can be manufactured using the fabric selected by the specifier or client.

Maintenance

ShadeTech® Roller Blinds are made from high quality materials.

Cleaning regime depends upon fabric specified. Most can be wiped clean with a damp cloth.

Quality and Guarantee

ShadeTech® Roller Blinds are manufactured and installed in accordance with a quality system certified under EN ISO 9001:2000. They are rigorously tested to guarantee trouble free operation, and are designed with Health and Safety and environmental standards in mind.
