RECOMMENDED CLEANING

Fixed Upholstery

Remove any spillages promptly, with an absorbent cloth. Vacuum and wipe clean regularly with a damp cloth to remove dust particles and prevent build up of dirt. Clean and care for your upholstery on a regular basis and it will maintain its condition and appearance. Do not apply other chemicals such as furniture polish, stain remover or solvents. For spot stain removal, use a damp cloth or dry cleaning solution. Work from the edge of the stain towards the centre to avoid spreading the stain. Use as little cleaning product and moisture as possible and pad dry afterwards. Do not over rub the surface of the fabric.

Curtains and Loose Covers

Iron on the reverse. Contains natural yarn, the colour may vary.
